

The KidsBox is an offer from “Fixing Futures“ and can be borrowed from the Fixing Futures office, **Campus Westend, PEG, room 3.G205, Theodor-W-Adorno-Platz 6, 60323 Frankfurt am Main** (reservation: info@fixingfutures.eu).

How does the KidsBox work?

The KidsBox is equipped for babies and children up to primary school age. The box can be opened to provide a protected area for breastfeeding and changing diapers. It contains:

- a travel crib that is also suitable as a playpen,
- a folding mattress and mat for crawling and playing on the floor,
- stool and table for slightly older children,
- various toys and drawing and painting materials,
- books and much more that is useful and practical for smaller children,
- disinfection and first aid equipment,
- mobile, for fast and easy transport,
- hinged, for a protected area for breastfeeding and nappy changing.

Who can use the KidsBox?

Employees of the Social Sciences Department at Goethe University with small children who have an office workplace can use the KidsBox.

When can the KidsBox be used?

If regular childcare is unexpectedly unavailable and urgent work tasks need to be completed, the child can be temporarily brought to the workplace and the KidsBox can be used. Please talk to your supervisor before bringing your child to work.

When should the KidsBox not be used?

The KidsBox should not be used if the child to be cared for is suffering from an infectious disease (chickenpox, mumps, measles, scarlet fever, rubella, gastrointestinal illness or similar) or if one of these diseases is suspected. Use is also excluded in the case of severe febrile illnesses or infestation with transmissible parasites (head lice, fleas, etc.).

What do I have to consider?

Parental duty of supervision

Parents use the KidsBox at their own risk. The KidsBox user is responsible for providing supervision for their child. The child ought never to be left unattended.

Careful use

Users are to ensure that the KidsBox and its contents are treated with care.

Hygienic cleaning

After each use, the KidsBox should be cleaned by the user in accordance with hygienic standards.

Instructions for use

Further information on use is provided in the KidsBox.

Transportation of the KidsBox

The dimensions of the box are 88 x 112 x 58 cm. The KidsBox has wheels and can be easily transported to the place of use. When you no longer need the KidsBox, it must be returned to the collection point.
